Company: Sample Distributor Pty Ltd
From: Sample Representative
Date:
Re: Sample End User / Sample Reseller
Contract No:
Effective Immediately

I am providing the following quotation for up to 200 x TM-T7011-002 thermal receipt printer for supply to Sample End User / Sample Reseller. please note that the maximum roll out date for this project is the 30th September 2026.

Epson Product Code	Model	Product Description	Price per unit (\$AUD ex GST)
C31CD38002	TM-T7011-002	Built-in USB, Parallel, Under-Counter Compact Thermal Receipt Printer	\$340.00

Terms & Conditions:

1. This price quotation supersedes all other quotations for this project.
2. A copy of the customer PO must accompany the Sample Distributor
3. After the acceptance of this quote, and where applicable, Sample Distributor must confirm the ongoing roll-out schedule over the life of this contract.
4. All Sample Distributor purchase orders placed for the above product with Epson Australia must include the above 'Contract No' to receive the above pricing will be applied.
5. Pricing is quoted FIS to Sample Distributor.
6. Epson Australia will endeavour to fulfil the above quantity in the shortest possible time but reserves a minimum lead time for finished printer products and printer mechanisms of up to 12 weeks.
7. Sales for this project are not included in revenue rebate or incentive programs.
8. Price Quotation is valid for 90 days from quotation date as shown above and by placing a PO with Epson Australia for the above quantity will lock the above prices in for the duration of this quote.
9. If there are any variations to the printer model, specifications or quantity outlined above a new quotation will be required to be issued.
10. Epson Australia reserves the right to adjust the above pricing to accommodate any exchange rate fluctuations that may occur over the period of this contract.

If you have questions about any of the above, please do not hesitate to contact me.

For other regions, please reach out to the respective Epson Distributors in that market.
